Partner-at-Large

Thirty years ago, we started on a path to promote regionally appropriate horticulture. Inspired by our natural surroundings, we simply provide the finest quality California native plants on the market. Staying true to our original vision, we grow plants for naturally sustainable landscapes, and we believe in creating spaces that look and feel authentically "Californian." Our knowledgeable propagation, production, and sales crews make up a team (more like a family) of long-term experts that have developed and honed reliable, efficient methods for growing and delivering natives. By propagating over 500 species and varieties of native plants for the wholesale and retail trades, we provide a means by which our land can be restored and revived with California's most precious resources.

## ILLINOIS

### Art & Linda's Wildflowers

(708) 785-2943  
art@artandlindaswildflowers.com  
www.artandlindaswildflowers.com  
North Park Village Nature Center Chapter

In creating our gardens, we take our cues from the beautiful things and places we have seen in the natural world. The location – the earth – tells us what goes where. The conditions, such as the amount of sun or shade, the type of soil, the amount of moisture an area will get and retain, all dictate what types of plants will be happy, will thrive, and will coexist there. The native plants we use will all belong together there, as they have since ancient times to create a sense of harmony.

### EarthWild Gardens

1479 Potawatomi Rd, Grayslake IL 60030-3531  
(847) 287-7477  
info@earthwildgardens.com  
www.earthwildgardens.com  
Lake-To-Prairie Chapter  
EarthWild Gardens grew out of a love for gardening and a commitment to preserving local biodiversity. We sell over

150 species of hard-to-find native flowers, grasses, sedges, vines, shrubs, and trees. We help our clients incorporate native plants into their residential settings – in naturalized prairie landscapes, rain gardens, woodland settings, or formal cottage gardens. We are in north suburban Grayslake, now at Station Square of Prairie Crossing, right off of Ill. Rt. 137, north of where Harris and Casey Roads intersect.

www.redbuffalonursery.com  
Lake-To-Prairie Chapter

Red Buffalo Nursery specializes in plants native to the prairies, wetlands, savannas, and forests of northeastern Illinois and southeastern Wisconsin. We grow plants from locally collected seed whenever possible. Plant sales occur at our nursery in the spring and fall, at farmer's markets, and by appointment. Visit our web site for a plant list, sales dates, and locations. When you are here, be sure to visit our prairie and sedge meadow restoration. We are proud of our natural area, and have protected it with a permanent conservation easement. Our services include design, landscaping, and natural-areas restoration and management.

When we design a garden or create a management plan, we use the original pre-settlement environment as our model. Call us to set up a site visit.

[wildlife@windstar.org](mailto:wildlife@windstar.org)  
[www.windstar.org](http://www.windstar.org)  
Partner-at-Large

WindStar Wildlife Institute is national 501 (c)(3) non-profit, conservation organization whose mission and solution to the loss of native plants and wildlife habitat focuses on effectively teaching wildlife habitat improvement practices through proven methods such as "neighbor helping neighbor" and "education through demonstration." The Institute issues *WindStar's Wildlife Garden Weekly*, a free e-magazine, and the "American Wildlife Blog." The Institute offers two internet home study courses to certify individuals as "Wildlife Habitat Naturalists" and "National Master Naturalists." Also, the Institute certifies residential, commercial, and rural wildlife habitats in its American Wildlife Habitat Registry™ program. It maintains a 4-acre demonstration wildlife habitat, and headquarters is located in an award-winning earth-sheltered, passive solar building.

### MICHIGAN

#### Kalamazoo Nature Center

7000 N Westnedge Ave, Kalamazoo MI 49009-6309  
(269) 381-1574 ext 17  
[sreding@naturecenter.org](mailto:sreding@naturecenter.org)  
[www.naturecenter.org](http://www.naturecenter.org)  
Kalamazoo Area Chapter

The Kalamazoo Nature Center is a not-for-profit organization whose mission is to inspire people to care for the environment by providing experiences that lead them to understand their connection to the natural world. Our Community Wildlife Program works with businesses, golf courses, schools, and private landowners to enhance wildlife habitat through native landscaping. We can assist with site evaluation, plant selection, design, and installation. Kalamazoo Nature Center holds a native plant sale every spring and fall.

#### MCC Gardening Association - Mott Community College

1401 E Count St, Flint MI 48529-6208  
(810) 762-0455

[www.gardening.mcc.edu](http://www.gardening.mcc.edu)  
Flint River Chapter

The purpose of the Mott Community College Gardening Association (MCCGA) is to educate students and the community on basic horticultural practices and their benefits through lectures, volunteer projects, and gardening-related activities in and around the MCC campuses, as well as in our community. We began installation of a native plant garden in spring 2005, which will demonstrate and help us to share the benefits of rebuilding native-plant habitats. We've established the Campus Beautification Endowment fund to support MCC campus gardens, and the educational benefits they afford our students. Tax-deductible donations may be made payable to the Foundation for Mott Community College (501)(c)(3) and mailed to the address above.

### Native Connections

17080 Hoshel Rd, Three Rivers MI 49093-9638  
(269) 580-4765

[jerry@nativeconnections.net](mailto:jerry@nativeconnections.net)  
[www.nativeconnections.net](http://www.nativeconnections.net)

Kalamazoo Area Chapter  
Native Connections offers consultation services on restoration of native ecosystems, specializing in native landscape design and installation of prairie, wetland, and woodland ecosystems. We can help provide seed mixes of local and regional genotype. We can also provide native seedlings, small- or large-scale quantities. Wild Ones goals are very much in line with our own personal and business goals. Large scale producers of Michigan genotype native grasses. "Working to restore our natural world."

### Wildtype Native Plant Nursery

900 N Every Rd, Mason MI 48854-9306

(517) 244-1140  
[wildtype@msu.edu](mailto:wildtype@msu.edu)  
[www.wildtypeplants.com](http://www.wildtypeplants.com)  
Red Cedar Chapter

Wildtype exclusively grows plants native to Michigan, from Michigan genotypes. We grow trees, shrubs, grasses, and wildflowers typical of southern Michigan woodlands, wetlands, and prairies. It is our objective to propagate nursery stock with enough genetic diversity to create self-sustaining populations. Therefore, the vast majority of our plants are grown from wild seed stock. This is what we mean when we say our plants are born to be wild. Wildtype also provides ecological design and consulting services for public, commercial, and residential projects focusing on restoration and preservation of native landscape. Services offered include: species inventory and site assessment, design and planning, and the establishment and management of native landscape. Please contact us for more information.

### MINNESOTA

Twin Cities Chapter

Designing, installing, and maintaining beautiful sustainable landscapes using locally native plant species since 1989. Our goal is to create places of sanctuary and oasis for people that also benefit our environment. Working with the site we capitalize on the natural energy available from the earth, sun, and water to create landscapes that emulate natural habitats, save resources, and solve drainage issues, all while meeting our clients' desire for beauty. EnergyScapes creates serene energy-saving designs featuring elements such as Green Awnings® and rain gardens. Sharing the mission of expanding awareness, saving biodiversity, and healing the planet, we are glad to be working with Wild Ones. Giving its first presentation, Douglas helped kick off the Twin Cities Chapter.

### Out Back Nursery

St. Croix Oak Savanna Chapter  
For nearly thirty years Prairie Restorations, Inc. has designed, restored, and managed prairies and other natural landscapes. Contracted installations are at the heart of our business. We complete successful projects by making use of high-quality native seeds and plants that we produce in our own fields and greenhouses, and by relying on time-tested techniques and state-of-the-art equipment. Branches in Cloquet, Hawley, Northfield, Princeton, and Watertown. Want to do the work yourself? Our retail store provides seed and plant materials, and our knowledgeable staff can answer questions and make recommendations to ensure the success of your project.

## Wild Ones Business Members Yellow Pages 2009

### MISSOURI

#### Missouri Wildflowers Nursery

9814 Pleasant Hill Rd, Jefferson City MO 65109  
(573) 496-3492  
mowdfllrs@socket.net  
www.missouriwildflowers.net  
Mid-Missouri Chapter

We sell native Missouri perennials, both seeds and plants. Our plants are nursery propagated. Missouri is the genetic origin of the plants, so they are best adapted to states east of the Rockies. View our plants online or visit the nursery near Jefferson City.

#### Songbird Station

PO Box 157, Mexico MO 65365, (800) 256-2473  
mel@songbirdstation.com  
www.songbirdstation.com  
Mid-Missouri Chapter

Songbird Station is Central Missouri's original, largest and best wild bird and nature store. In addition to offering over 7,000 different wild bird and backyard nature feeders, baths, houses, books, gifts, and more, we are now in our new location offering a selection of the best Missouri natives for attracting hummingbirds, songbirds, and butterflies. We offer suggested planting plans for central Missouri as well as pre-planted baskets containing a combination of annuals and perennials that can be enjoyed for a season, and then planted in the fall.

### NEBRASKA

#### Todd Valley Farms Inc

East Highway 92, PO Box 202,  
Mead NE 68041-0202  
(402) 624-6385  
wayne@toddvalleyfarms.com  
www.toddvalleyfarms.com  
Partner-at-Large

Todd Valley Farms is a leading producer of low-water-use turfgrass. The farm owns exclusive rights to several turfgrass varieties, including three turf-type buffalograss. Buffalograss is the only turfgrass native to the United States and uses up to 75 percent less water than other types of turfgrass. Todd Valley Farms buffalograss was developed as turfgrass, not a modified pasture grass. They are seedless vegetative reproduced all-female plants so they require less mowing, have very low pollen ratings, and form a dense green turf. Establishment is by sod or accelerated growth plugs. Plugs are shipped via UPS to all states, and are quick and easy to install with minimal ground preparation. Buffalograss creates a low maintenance landscape, and is the grass of choice for green buildings and green roofs.

### PENNSYLVANIA

#### Edge of the Woods Native Plant Nursery LLC

2415 Route 100, Orefield PA 18069  
Contact: Louise Schaefer and Sue Tantsits  
(610) 395-2570 Office  
(610) 395-3546 Fax  
info@edgeofthewoodsnursery.com  
www.edgeofthewoodsnursery.com  
Partner-at-Large

We are located in eastern Pennsylvania, and offer over 300 species of plants native to the mid-Atlantic and Northeast areas of the U.S. Our selection includes trees, shrubs, aquatics, perennials, ferns, and grasses. Services include educational programs, consultation, landscape design, and installation. We stress "right plant right place," and work to help customers select the plants that will thrive in their landscapes. Native plants play an important role

in our ecosystem, and we want to help you discover their beauty as well as their other benefits. Some of those benefits include attracting birds, butterflies, and wildlife, slowing water run-off, and reducing pesticide and fertilizer usage. All our plants are nursery propagated. We do not collect from the wild.

### WISCONSIN

#### Agrecol Corp

2918 Agriculture Dr, Madison WI 53718-6770  
(608) 226-2544  
mary.delarosa@agrecol.com  
www.agrecol.com  
Madison Chapter

Agrecol Corporation combines the best principles of production agriculture with the science of ecology, producing high-quality native seed and plants. Agrecol is the largest grower of native plants and seed in the Midwest; growing more than 200 species of native wildflowers and grasses. New products include specialty erosion control, water management products available to national and international markets. Agrecol offers seed and live plants and installation for prairie, woodlands, wetlands, and savanna plant communities, sales and installation of Envirolok vegetated retaining walls, environmental consulting, and resource management services, restoration design, detention, retention, and rain-water basins, stormwater management, polyacrylamide, native certified weed-free mulch/straw, silt fence equipment, installation, and site monitoring and maintenance.

#### Crystal River Inn B&B

E1369 Rural Rd, Waupaca WI 54981  
(800) 236-5789  
crystalriverinn@charterinternet.com  
www.crystalriver-inn.com  
Central Wisconsin Chapter

Our 1853 farmstead on the Crystal River in the historic village of Rural exudes country charm on "Rustic Road 23," four miles south of Waupaca, in central Wisconsin. As Wild Ones members, we are committed to making as gentle impact on the Earth as possible and to restore native plant communities and wildlife habitat on our eleven acres. We are "Travel Green Wisconsin" certified, and have just begun our work of prairie restoration and invasives removal on this former farm. The Inn features seven guest rooms with antique furnishings, a view of the river or woods, and a nook for reading or visiting, and two cabins for families. Guest rooms have private baths and fireplaces. Two rooms also have a double whirlpool. All include a full breakfast with a "Southern touch," featuring our homemade local wild grape and wild plum jelly. Our non-smoking environment has free high-speed wireless Internet, meeting space for small groups, and we're open year 'round. Our land has paths through fields and woods, and an outdoor, seven-circuit classical labyrinth, and seven monitored bluebird houses. The wide variety of habitat on our land and the area from tamarack swamps to hardwood uplands invites local wildlife like river otter, bald eagle, and Karner blue butterfly. The area offers many restaurants and recreation opportunities: biking, birding, boating, canoeing, walking, fishing, nearby state parks and charming small towns. A rural Wisconsin treasure.

**Wild Ones recommends that you patronize businesses that support our policies regarding species provenance and habitat preservation. The appearance of advertisers in this listing does not constitute an endorsement by Wild Ones of any organization or product.**

### Door Landscape

scapes. Formecology's timeless creations have a distinct visual identity that is very Middle-West. Outdoor living spaces designed, installed, and maintained by Formecology, LLC are beautiful, economical, and environmentally beneficial. We'd love to visit with you and offer an approach on how to create your sustainable outdoor living environment.

### Hickory Road Gardens

2041 Hickory Rd,  
Mosinee WI 54455  
(715) 693-6446  
brayherbs@mtc.net

Central Wisconsin Chapter  
Shade-loving woodland wildflowers are our specialty. We have over 25 years experience growing them under artificial shade. Starting with ginseng in the early '70s, we branched out into goldenseal, and ultimately into woodland wildflowers native to the forests of the upper Midwest. Our flowers are grown almost entirely from our own stock or from seeds gathered in the woods around our farm. We have been able to amass a nice collection of plants without dislodging the parent sources from their native habitat. We think you will find these nursery-grown plants to be vigorous and well-suited as potted plants for nursery sales, for private landscaping, or for commercial restoration projects. We ship bare-root, for overnight or next-day delivery, primarily in spring or fall, but at other times by request.

### Johnson's Nursery Inc

W160 N6275 Marcy Road

www.johnsonsnursery.com

Menomonee River Valley Area Chapter  
Johnson's Nursery, Inc. is one of the largest growers of landscape plants in southeast Wisconsin. Our locally grown inventory includes an extensive list of native trees, shrubs, and evergreens, along with herbaceous forbs, ferns, and grasses. We strive to provide our customers with the widest possible selection of balled and burlapped and container-grown plant material in the area. Our goal is to provide our customers with a wide variety of native plants, and we are continually propagating additional natives, many from local wild seed sources. Johnson's also offers residential and commercial landscape design, installation and maintenance services, including buckthorn and honeysuckle eradication. Our landscape architects and designers offer site-specific, creative ideas for your landscape. We also offer brick and stone patios, retaining walls, and other hardscape elements.

### Lacewing Gardening Consulting Services

6087 N Denmark St, Milwaukee WI 53225-1673  
(414) 793-3652 cell  
lacewing@nase.org

Menomonee River Area Chapter  
Lacewing Gardening Services provides gardening consultation, instruction, design, and restoration services, as well as maintenance. We work at creating habitats that enhance local/regional ecosystems, including woodland and shade gardens, prairies, meadows, raingardens, lakeside and stream restorations. We also do organic pest and disease control when needed. We are a conservation-minded business, and believe in natural landscaping using native plant species (also non-invasive non-natives), and in a lifestyle that supports sustainable living.

Landscape restoration is a small, experienced, value-based, natural area planting and management company. We're professionally certified (S-390 burn boss, WI herbicide applicator) and fully insured. And we're doing what we believe in: promoting native plants, and battling invasive species to help you manage your property for natural diversity with common-sense economics. Our work includes building native stone walls, establishing native plantings in flood-prone residential sites, burning prairie patches and 80-acre CRP fields, rescuing native plants, planting roadsides and steep berms, controlling garlic mustard and buckthorn in woodlands, and attacking Canada thistle, crown vetch, multiflora rose, and gypsy moth infestations. Every year we donate a rain garden through the Wisconsin Rivers fall online auction (it's a tax-deductible landscape addition for a good cause), and in 2009 we are offering discounts for Wild Ones members in southern Wisconsin. If you would like a little help bringing nature back into balance on your property, give us a call for a free evaluation and proposal.

### Landscape Restoration

### Marshland Transplant Aquatic Nursery

PO Box 1, Berlin WI 54923-0001  
(800) 208-2842

marshland@centurytel.net

Fox Valley Area Chapter

The largest wholesale aquatic nursery in the Midwest, Marshland Transplant Aquatic Nursery produces quality native plant materials for large scale wetland mitigation and native restorations. We also provide installation services for a variety of projects including habitat restoration,

waste water treatment, erosion control, bioengineering, and mine reclamation. Specialty services include mowing/maintenance, prescribed burning, no till drilling and delineation, mitigation, and monitoring. Join us in rebuilding our environment. We sell only to wholesale firms, contractors, ecologists, professional organization and nurseries.

### National Railroad Museum

2285 S Broadway Ave, Green Bay WI 54304  
(920) 437-7623 ext 17

metelzrow@nationalrrmuseum.org  
www.nationalrrmuseum.org

Green Bay Chapter

The origin of the National Railroad Museum dates to 1956, when local individuals advanced the concept of a national museum dedicated to the American railroad experience. Since then, the museum has operated as a privately funded 501(c) (3) educational organization with a mission to foster an understanding of railroading and its significance to American life. What began as an effort to acquire a single steam locomotive for a city park has grown into one of the largest rail museums in the nation. It now serves over 75,000 visitors annually. Today, a professional staff of 12, and over 100 volunteers welcome visitors from all over the world.

### NES Ecological Services

4664 Golden Pond Park Ct, Oneida WI 54155-9292

Green Bay Chapter

NES Ecological Services is a committed group of scientists whose diverse backgrounds include restoration ecology, wildlife management, and wetland ecology. Located in Green Bay, Wisconsin, NES is fully equipped to serve clients throughout Wisconsin and the Midwest. Since 1996, we have provided native habitat restoration services to municipalities, lake management districts and associations, the Wisconsin Department of Natural Resources, the U.S. Fish and Wildlife Service, and individual landowners. These services include planning and design, material installation, monitoring, and maintenance. NES ecologists use their knowledge and experience with Wisconsin's native community types to design and implement aesthetically pleasing, natural landscapes utilizing only plant species native to the site's region. The use of locally native species is a very important factor that is often overlooked, but is important in not only assuring a project's success, but also in meeting all the objectives of a restoration. Each restoration project is catered to the individual or group based upon their need, experience, and willingness to be involved with the "hands-on" portion of the project. Visit our web site to review a few of our most recent projects along with a complete list of all the services we offer.

### Northern Native Plantscapes

25350 S Garden Ave, Cable WI 54821  
(715) 794-2548

florabee@hotmail.com

Partner-at-Large

Northern Native Plantscapes specializes in shoreland and woodland restoration, stormwater management or raingardens, new home construction landscaping and perennial beds using native plants. Northern Native Plantscapes offers consultation, design, installation, and maintenance services. Turning a lake owner's shoreland from pure green lawn to a buffer of native plants not only helps wildlife, but also benefits the owner by providing a privacy and noise buffer. Our goal is to create an ecologically healthy landscape while meeting the needs of the home owners.

Rock River Valley Chapter

Taylor Creek Restoration Nurseries (TCRN) has over 25 years of experience growing local genotype native plants and seed for use on many high-profile restoration projects throughout the Midwest. We now offer native trees and shrubs in addition to over 400 species of native plants and grasses for native landscape and restoration projects. Our new RPM trees and shrubs are available in 3-gallon containers, and have excellent root mass for high survival rates and rapid growth. We also offer a new, speedy drop-ship service for small plant orders during spring and fall. TCRN is a division of Applied Ecological Services, Inc., an ecological-restoration firm offering consulting and construction services: native landscape design and construction, ecological review, restoration design, and bioengineering for stream-bank, shoreline, and slope restoration.

# Are You Ready for a Wild Idea? Join Wild Ones as a Business Member Grow Your Business Along With Wild Ones.

## Find Out What Other Wild Ones Business Members Already Know.

Wild Ones: Native Plants, Natural Landscapes promotes environmentally sound landscaping practices to preserve biodiversity through the preservation, restoration, and establishment of native plant communities.

Join this growing movement today! As a Business Member of Wild Ones: Native Plants, Natural Landscapes, your company is entitled to these great benefits:

- Acknowledgement in the *Wild Ones Journal*.
- Annual listing in the *Wild Ones Journal*.
- Listing on Wild Ones web site ([www.for-wild.org](http://www.for-wild.org)).

And to share with your employees and clients:

- Extra copies of the *Wild Ones New Member Handbook*.
- Extra copies of the bi-monthly *Wild Ones Journal*.
- Copies of Wild Ones educational brochures to share with clients and the community.
- Wild Ones Recognition Decal for your office or shop window.

Wild Ones, a voice for the natural landscaping movement, was established in 1979, and now has more than 40 chapters in North America.

Your Business Membership entitles you and your company to participate in all Wild Ones national and chapter activities, either locally or across the United States – a great networking opportunity!

Wild Ones events include seed gathering, seed exchanges, plant rescues, plant sales, speaker presentations, garden tours, conferences, and bus tours.

New chapters are forming all the time. For a current listing of chapter locations, visit our web site or contact us directly.

Wild Ones: Native Plants, Natural Landscapes is a not-for-profit educational organization. Your Business Membership donation is entirely tax-deductible.
