Re: Letter of Support

Dear Donna:

On May 23, 2006 the board of directors of the Gordon Bubolz Nature Preserve voted unanimously to express their support of the Wild Ones' acquisition of the property at 2285 Butte des Morts Beach Road in the Town of Menasha for the creation of the West Shores Preserves Environmental Center. We share your excitement in the future of this project and in the fact that Wild Ones will now have an official national headquarters right here in our backyard.

Please keep us advised as your plans develop so that both your organization and ours can determine where we might be of help to each other as we each move our important missions forward. I apologize for the snafu in getting this to you earlier. Please do not take the lateness as any comment on the importance of your proceeding. Best of luck.

Very truly yours,

Thomas H. Sutter
Board President
