Household Lifetime Memberships

What is a household lifetime membership? Payment of the dues for a household lifetime membership means the Wild Ones member household will no longer get annual dues renewal reminders! It also means that they will receive a special token of our appreciation recognizing their contribution to Wild Ones. This recognition is being developed through discussions with the household lifetime members and we'll have a decision at some future date. Suggestions so far range from something as small as a special embroidered patch or as large as an embroidered jacket which will only be available for the household lifetime member household use.

What is the cost? The dues for a household lifetime membership are \$1,200 per household and can be paid in a lump sum or over a period of three years in \$400 increments.

The membership applies to the household which includes children under 18 years of age. One address per membership.

What becomes of the funds? The funds are placed in a restricted trust account from which only the interest can be drawn upon to help defray operational expenses and pay the local chapter their annual dues reimbursement.

What are the benefits to Wild Ones as an organization? Trust funds which count toward assets and vested dedicated members.

What are the benefits to the household lifetime member? Simplicity of maintaining their membership and the tax deduction plus the bi-monthly publication of the Wild Ones Journal, membership to the local chapter in their area and all the other great benefits available to Wild Ones members.
